300Mbps Mini Wireless N USB Adapter

- 300Mbps wireless speed ideal for smooth HD video, voice streaming and online gaming.- Mini-sized design for convenient portability with a reliable high performance.- SoftAP Mode – Turn a wired internet connection to a PC or Laptop into a Wi-Fi hotspot.- Easily setup a secure wireless connection with one-touch WPS button.

What This Product Does

TP-LINK's 300Mbps Mini Wireless N USB Adapter TL-WN823N is designed to connect your laptop or desktop to a wireless network and enjoy high speed wireless performance. The fingertip design makes the adapter convenient and easy to carry around. What's more, the TL-WN823N features SoftAP Mode, one-button security setup, easy-to-use configuration software, making it a great choice for enjoying fast wireless network.

300Mbps Wireless N Speed – Extend Wireless Coverage

With wireless speeds of up to 300Mbps and advanced MIMO technology, the TL-WN823N provides you with a fast, reliable wireless connection for lag-free online gaming and video streaming. Better still, TL-WN823N achieves the best performance with wireless N devices, but also works seamlessly with existing IEEE 802.11b/g networks.

SoftAP Mode – Easy Wireless Internet Sharing

SoftAP Mode enables this tiny adapter to work as a virtual wireless Access Point. Once applied, this mode allows users to easily turn their existing wired connections to a laptop or PC into wireless and share it with other Wi-Fi

enabled devices like laptops, smartphones or tablets.

One Button Security Setup

Compatible with Wi-Fi Protected Setup™ (WPS), TL-WN823N features Quick Security Setup that allows users to almost instantly setup their security simply by pressing the WPS button to automatically establish a WPA2 secure connection, more secure than WEP encryptions. Not only is this faster than normal security setups but more convenient in that users needn't remember a password!

Easy to Use

Included in the resource CD, TP-LINK's optimized configuration utility can help users complete the entire software installation and wireless network settings in just few minutes. Its simple and user friendly interface makes TL-WN823N so convenient that even novice users can get started quickly and establish their connections effortlessly.- Wireless N speed up to 300Mbps makes the TL-WN823N ideal for HD video streaming, online gaming and VoIP calls.- Easy one-touch wireless security encryption with the WPS(Wi-Fi Protected Setup) button.- Supports Soft AP function for Wireless Internet Sharing.- Supports 64/128 WEP, WPA/WPA2, WPA-PSK/WPA2-PSK security.- Supports Windows XP 32/64bit, Vista 32/64bit, Windows 7 32/64bit.- Supports ad-hoc and infrastructure mode.- Supports Sony PSP X-Link for lag-free online gaming for Windows XP.- Bundled utility provides quick & hassle free installation.- Seamlessly compatible with 802.11b/g/n products.
